

Enjoy Peace of Mind at Solista by Cogir

Solista residents are always taken care of no matter the situation or time of day. We include a Lively Mobile Plus GPS-enabled device that provides our residents with 24/7 emergency and non-emergency response so they can feel safe and confident at home, around town, and when traveling.

Residents can speak with a personal assistant who is highly trained in emergency and non-emergency situations 24 hours a day.

Solista is one of the only senior living providers that offer residents this 24/7 assistance, available anywhere in the U.S., and it is included in their monthly rent.

In an emergency

Time is of the essence in an emergency. With the push of a button, our residents can expect immediate and professional assistance. The agent can assess the situation, send the appropriate help – including dispatching 911 emergency services – and stay on the line with the resident. The agent can also contact a registered nurse, family, and friends.

When our residents are home

Lively Mobile Plus is their personal assistant and medical emergency companion from the first day in their new home. They can even connect with the friendly voice of a caring agent any time they need someone to talk to.

Wherever their adventures take them

The Lively mobile Plus goes with our residents where they may be, anywhere in the U.S.

The Lively Mobile Plus device includes a special feature to keep friends and family updated on the health and safety of a resident. With a resident's permission, the free Lively Mobile Link app will:

- Alert a friend or family member's smartphone if the resident calls for help.
- Alert a friend or family member when the device battery is running low.
- Provide the resident's daily activities and location.

Solista offers services and amenities that make life easier and more enjoyable for residents. Lively Mobile Plus empowers them to lead their lives with confidence.

Visit a Solista community today and meet a few of the residents and employees. Experiencing a welcoming residence firsthand will help you envision the lifestyle we offer – and the reassurance you'll receive from your Lively Mobile Plus device.
