A NEW STORY & LIVES

STYLE.

HEALTHY AGING MEANS PLANNING FOR THE FUTURE.

Planning for the future helps ensure success. This also holds true when it comes to choosing a residential environment that offers care and services for your future. A significant benefit at ACOYA is that assistance can be delivered to any of our beautiful apartments, should you need it.

The Revere Memory CareSM is a fresh approach that infuses memory care neighborhoods with a welcoming atmosphere and a vibrant rhythm of life that's often missing from cognitive care. For couples living with dementia, one spouse can live independently while the other can get the residential memory care they need.
